Speed and performance · Halo Audit Speed score: your page 100 / 100 · competitor 50 / 100

	YOUR PAGE	COMPETITOR
Google Performance score (mobile) Google Lighthouse Performance, 0 to 100	✓ Pass 92 / 100	! Improve 78 / 100
Time until the main content shows Google metric: Largest Contentful Paint (LCP), in seconds	✓ Pass 2.1 seconds	✗ Fix 4.3 seconds
Layout stability Google metric: Cumulative Layout Shift (CLS), no unit	✓ Pass 0.00	✓ Pass 0.00
Halo Audit Speed score From the results above. Halo Audit's own score, not Google's	**100 / 100**	**50 / 100**

Google's figures come from one Lighthouse lab test on a simulated phone, run by PageSpeed Insights: they are not field data from real visitors. For the Halo Audit Speed score each result counts Pass 100, Improve 50 or Fix 0, weighted 3 for the Performance score, 2 for LCP and 2 for CLS. It is not Google's Performance score.
